Auto Carton sealer& Strapping machine

ACK-GPP-501C

2 in 1 Up to 6ctns/min

2 in 1

ACK-GPP-501C

INTRODUCTION

The automatic box taping and strapping machine GPP-50C combined 2 machines as a fully packaging sets,better help the factories packing the boxes more easily and save the foot land.Equipted the top and bottom tapping and PP band strapping function.wirely using in mass production industries such as printing, color painting, greeting cards, photo albums, photo frames, medicine, electronics, daily chemicals and cosmetics.

CHARACTERISTICS

- **Packaging size adjustable:**workers can adjusting the machine packaging size manually while they need to pack different specific boxes during the packaging range;
- **Intelligent:** It equipted box flaps folding,top and bottom taping and strapping function without manual operation;
- **Beautiful sealing** lines: No air bubbles, no skewing, taping smoothly;
- **Save labor cost:** The boxes packaging will done by machines to promotes the labor's working value;
- **High efficiency:** Stable packaging effect and speed;
- **Easy-operation:** Simple operation panel, economical, durable, safe, and low failure rate.

PARAMETERS

Model	GPP-50C	GEQ-200H
Packing speed	6ctns/min	<2.3 Seconds/Band
Carton Size/Frame Size	L200-600×W150-500×H150-500mm	W850*H600MM
Power Supply	380V 50Hz 3Phaze	380V 50Hz 3Phaze
Power	420W	1000W
Adhesive Tape Width/PP Band Width	48/60/75mm	12MM,0.6~1.0mm think ness
Air Consumption	50NL/min	/

Air Compressing	0.6Mpa	/
Table Height	720mm+150mm	800mm
Machine dimension	L2460×W1420×H1650mm	L1410*W600*H1550MM
Machine weight	280kg	185kg

CONFIGURATION

Name	Brand
Motor	GPG/Xianguo
PLC	Siemens
Power Switch	IDCE
Cylinder	Air tac
Sensor	LEUZE

- ⊕ Siemens PLC Controller
- ⊕ LEUZE Sensor Detecting
- ⊕ High Speed Packaging Function
- ⊕ Cost Save & Worker Value Promoted
