Large cartons sealing ACK-GPA-501E

10cartons/min

INTRODUCTION

Driven by belts on both sides, it is sealed with sticky tape, and the top and bottom sealing is fast and stable, and the sealing effect is smooth, standardized and beautiful. The width and height can be adjusted manually according to the specifications of the carton, which is simple and convenient. This sealing machine is widely used in food, medicine, toys, tobacco, daily chemicals, electronics and other industries.

CHARACTERISTICS

- 👉 **Suitable for light, high cartons** The left and right belt driven carton sealer specially developed for large cartons solves the problems of carton warping and tape sticking skew;
- 👉 **High efficiency** Belt drive, sealing speed up to 20 cartons/min;
- 👉 **Save labor** The sealing operation of the goods is completed by the machine instead of the labor;
- 👉 **Simple adjustment** The width and height can be adjusted manually according to the carton specifications, and the operation is simple and convenient;
- 👉 **More safety** The machine is equipped with safety protection measures, and the operation is more assured.

PARAMETERS

Model	GPA-50E
Conveyor speed	18m/min
Carton size range	L150-unlimitedxW150-500xH110-500
Power supply	220V 50/60HZ 1 Phase
Power	240W
Adhesive Tape Width	48/60/75mm (Choose one to use)
Discharge table Height	600+ 120mm
Machine Dimention	L:850mm W:850mm H:1350mm (Without front and rear roller racks)
Machine weight	125kg

Details

Quick Load Tape Design

The tape head can be easily removed by simply grasping the tape arm, the tape can be quickly installed in just a few seconds, and the operation is simple.

Featured configuration, stable and durable

Selected powerful motor to ensure stable and smooth operation of the whole machine.

Support more specification carton

A side-belt drive case sealer specially developed for big carton with multi-size ,carton length is unlimited

Width and height can be adjusted independently

The width and height can be adjusted manually according to the size of the carton, and the operation is simple and convenient.

Details

Durable conveyor belt

The conveyor belt with strong friction is adopted, the material is thick and durable, and the conveying is stable.

Switch

Choose a cost-effective power switch, one-key start, easy to identify

Scale ruler

Equipped with a height scale, convenient adjustment.

Sealing effect

Adhesive tape to the carton, no skew, no bubbles, beautiful and neat.

CONFIGURATION

Name	Brand
Motor	VTV

Reminder: Because the product of our company are constantly updated, please refer to the contract and reserved without prior notice, please understand! It can also be matched according to customer needs, welcome to consult customer service staff.

- ☺ Save labor, time, effort
- ☺ Wear-resistant conveyor belt
- ☺ Belt-driven, carton sealing fast
- ☺ Width and height manual adjustable
- ☺ Discharge table height adjustable
- ☺ Stainless steel roller is stable and durable
- ☺ Strong motor
