Automatic Flaps Folding Carton Sealer

ACK-GPC-501D

Pneumatic folding flaps, carton sealing fast
L:20-60cm W:15-50cm H:15-50cm

Pneumatic folding flaps, carton sealing fast
L:20-60cm W:15-50cm H:15-50cm

ACK-GPC-501D

INTRODUCTION

Automatic Flaps Floding Carton Sealer, the flaps is automatically folded, and the tape is automatically applied up and down, without manual work; the carton is sealed with instant tape, the sealing effect is smooth and beautiful, and the sealing is firm. It can be operated by a single machine or matched with an automatic packaging line. Widely used in food, medicine, beverage, tobacco, daily chemical, automobile, cable, electronics and other industries.

CHARACTERISTICS

👉 **Adjust the height and width independently** Manually adjust the width and height of the machine according to the carton specifications, which is suitable for carton sealing of the same specification at the same time period;

👉 **Beautiful sealing** Pneumatic sealing, fast and beautiful;

👉 **Save labor** The sealing operation of the goods is completed by the machine instead of the labor;

👉 **High efficiency** Belt drive, sealing speed up to 20 cases/min;

👉 **Simple operation** Simple operation panel, economical, durable, safe and low failure rate.

PARAMETERS

Model	GPC-50D
Conveyor speed	18m/min
Carton size range	L:200-600mm W:150-500mm H:150-500mm
Power supply	110/220V 50/60Hz 1Phase
Power	400W
Adhesive Tape Width	48/60/75mm (Choose one to use)
Air Consumption	50NL/min
Air Consumption	0.6Mpa
Discharge table Height	600+120mm
Machine Dimention	L:1770mm W:850mm H:1520mm
Machine weight	250kg

Details

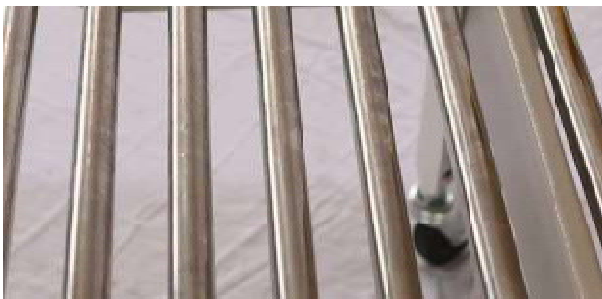

Quick Load Tape Design

The tape head can be easily removed by simply grasping the tape arm, the tape can be quickly installed in just a few seconds, and the operation is simple.

Featured configuration, stable and durable

Selected powerful motor to ensure stable and smooth operation of the whole machine.

Stainless steel roller

Durable, no rust, good bearing capacity

Width and height can be adjusted independently

The width and height can be adjusted manually according to the size of the carton, and the operation is simple and convenient.

Details

Cylinder control

AirTAC cylinders are used to control the folding mechanism, the packaging is convenient and smooth, which can not only avoid the waste of adhesive tape, but also make the sealing position more accurate.

Switth

Use cosat-effective power switches, and the service life of key switches can reach 100,000 times.

Independent electrical box

Protect power equipment, keep indoor dry and line safe

Sealing effect

Adhesive tape to the carton, no skew, no bubbles, beautiful and neat.

CONFIGURATION

Name	Brand
Motor	GPG
Pneumatic Components	Taiwang AirTAC
Limit switch	SAFETYMAN

Reminder: Because the product of our company are constantly updated, please refer to the contract and reserved without prior notice, please understand! It can also be matched according to customer needs, welcome to consult customer service staff.

- ☹ Cylinder control
- ☹ Travel switch automatic induction
- ☹ Carton sealing fast
- ☹ Save time, labor, effort
